

1-DAY TOUR ⁰ TO CHERNOBYL AND PRYPIAT

GAMMA
TRAVEL

gamma-travel.com

An affordable chance to experience the Chernobyl exclusion zone during a short period of time and discover the key locations like Chernobyl Nuclear Power Plant, radar Duga, the town Chernobyl and the ghost town of Prypiat. A perfect option for backpackers, people on a budget or simply those who do not have much time to spare.

During an approximately 12 hour journey you will learn much about:

The Chernobyl disaster itself - how exactly and why did it happen and what was happening after it;

Time travel – because a visit to Chernobyl happens in the past, present and future at the same time;

What was Soviet Union propaganda like, why people enjoyed living in this regime and what made them think that they were the best country in the world;

What was life like 35 years ago – in the paradise city of and in a small village in the north of Ukraine;

How nature takes over the habitat that has recently belonged to humans;

What lessons should we learn;

WHAT AM I PAYING FOR?

There is no need to pay any extra charges or hidden commissions because in Gamma Travel tours everything's included in the price. The Chernobyl tour cost includes the following:

- Perfect English speaking Chernobyl tour guide who can not only tell you lots of stories about the zone and Ukraine but is ready to answer any queries.
- Permits to enter the Chernobyl zone
- Transportation in a modern minivan with facilities: TV, WIFI, AC, USB charges
- Personal dosimeter
- Health insurance: we value your safety and comfort!
- Lunch is optional (8 euro extra)
- Also you will have an opportunity to rent a Geiger counter. It makes radiation "visible".

WHO I WILL BE ON A TOUR WITH?

- Passionate and certified GAMMA TRAVEL guide and people from all over the world. You can be in a group with tourists from a random part of the planet, and this is another cool thing about group tours, isn't it?

IT'S SAFE!

Don't worry, it's safe to go there now! Radiation exposure during one full day in the zone is equal to a 1-hour flight and 3000 times less than a CT scan!

IMPORTANT!

You should be at least 18 years old to enter the zone. Tour itinerary may change due to weather conditions and upon request of the group! It is officially forbidden to enter buildings in Prypiat as it is unsafe.
